Okay i am an avid WW memeber been on WW since 2007 and i know for a fact that this item is not only free but also you do not, i repeat do not have to be a member to get this item all you have to do is be a visitor at the meeting, not join and get it. Dont let these other reviews fool you. DO NOT PAY FOR SOMETHING THAT IS FREE! WHETHER YOU GO TO MEETINGS OR NOT!! IF YOU WANT THE ELECTRONIC ONE, YOU CAN ALSO JUST WALK INTO A WW FACILITY AND BUY ONE FOR 10 DOLLARS! As well any other products listed here. Dont let these greedy sellers get you for your hard earned money.

Yes, the price is definately high - check out ebay. However, they change the plan all of the time and some people have more luck with one plan over another. I just restarted the plan that I did in 2000 and had to find/buy a new slider for that plan (1-2-3 success plan) as I lost my old sliders. If something worked for you before and you know what you are doing, no need to pay to go to meetings that talk about a plan that you are not interested in doing. Just my thoughts.

Hello, To clarify, this slider is from the WW program 'Momentum'. The current WW program is 'PointsPlus'. The points are claculated differently for each program, so you would only want to use this item if you are following 'Momentum'. If you are currently doing WW online, be sure to purchase 'PointsPlus' materials, otherwise you won't be following the same program, and it won't work!! personally, prefer 'Momentum' over 'PointsPlus'. I lost 98 lbs on 'Momentum', I've gained 15 back on 'PointsPlus'. Momentum works better for my (beer drinking) lifestyle, so I have decided to switch

back. Unfortunately, 'Momentum' products are no longer offered by WW, so I must purchase the materials online. I am grateful that people are offering them, as they are obsolete now. That being said, I have this slider already, but I'm looking to buy another before they are gone forever. This slider is my favorite out of all the versions since 2007 - it works great, the program works great for me, and - combined with the 'Momentum' Dining Out Companion and the 'Momentum' Complete Food Companion, you would have all you need to follow 'Momentum'. Good luck, Weight Watchers!

These products are no longer available at the weight watchers centers due to the update of the program in 2011 and 2012. It is kind of the same idea but due to the changes in "science" as they call it at ww, it is the old. Way of doing it. It still works though and it is a great program.

You do NOT have to be a member (or attend meetings) to purchase these items! Walk into any WW center, and look through all the wonderful tools they have available for you, whether you're a paid member or not. Don't be "had" by over-priced items here, or on eBay, or anywhere else.

I recently rejoined WW after many years and along the way I lost my slider. It is no longer offered by WW. I even called the company. All they have is the hand held calculator and my vision isn't so good so that's more than a hassle for me. I am very thankful that I can get it here, otherwise I would be guessing.

I find the "new" weight watchers Points Plus less than useful to me, and have reverted to the older point system, which I use in conjunction with the older Core system for the times when I use a non-Core food in a recipe. This slider was in beautiful shape and is functioning well. If you find yourself frustrated with the newer system or sick of all the changes every year, or if you just can't afford the new raised rates for Weight Watchers, this might be just the tool to help guide you to your goal.

Thanks to Momentum Plan and the slider I have lost 55 pounds and kept it off for 11 years.. Durable and accurate for the "old points" system. Packaging was excellent and quality was superior.
