There are many pests, seen/unseen and known/unknown, around us and they can create havoc in our daily lives. Managing these pests has, in fact, been taken on as successful commercial ventures. There are many chemical-based pest control products available in the market. However, many of the chemicals used in them such as DEET, though approved by appropriate authorities, are not free from toxicity. In fact, DEET can cause eye irritation, blistering, rashes, soreness. Hence, while we may think it convenient to use these chemical applications to get rid of pests, in the long run they can cause far more harm to you and your loved ones that you would like. Instead, it would be really great if we can manage these pests using homemade remedies. It takes seconds for a fly to contaminate your food. The safe way to stop those pests are a click away by getting this book.The benefits of homemade remedies for pest control include:As they do not contain any toxic chemicals they are very safe for use within your home â “ will not have any side-effects on children and pets if used as per recommendationInexpensive - because they are usually made with common materials available at home or your grocery storeEnvironment-friendly - as usually no toxic gases or by-products are emitted outHere Is A Preview of the Chapters from this Book:-Repellents for Wasps, Termites, Ants, and MosquitoesRepellents for Roaches, Flies, Ticks, and SpidersBed bugs, Cloth Moths, and LizardsRemedies for Common Outdoor PestsAfter-Bites Remedies And Finally prevention strategies to avoid dealing with pests in the future since prevention is better than cureDownload Your Copy Today!Chemical pesticides have been proved scientifically, in the long run, to increase the immunity of these pests and sooner rather than later, these seemingly convenient pesticides will cease to have the required effect on pests.How long more are you going to suffer the negative effects of chemicals in your life? Customer Reviews

This amazing and practical book will teach you the basic and effective way of preparing a healthy, natural, and non-toxic homemade insect repellent that is specifically designed to help you eliminate annoying insects at home or at your camping site. It will also give you a clear understanding of the many benefits of homemade repellents and, how you can develop basic skills and methods in formulating it at a minimal cost by using common and everyday ingredients, and come up with a variety of homemade insect repellents for all kinds of insects. This is a well-written practical guide book which is a must for every home. I highly recommend this book.

This material helped me understand why we need to start moving away from chemical sprays and start using a lot more naturally occurring materials when we are looking to repel harmful and annoying insects. There are some cool methods in here to follow to make your own, go do it! It's kinda fun, this has been a helpful resource written in easy to understand well flowing language..The materials are easy to get and it is also easy to prepare. I will definitely try this.

This book will give you the steps and strategies you need to eliminate these pesky problems and also you can able to learn some of remedies after the insect bites. You'll learn to make your own insect repellent, a great book for everyone it is a very natural way. I will try some of the recipes especially for mosquito repellent, I highly recommend this book. This book has a Full of useful and helpful information, very clear and easy to read book.

I dont use any nasty chemicals in my home for cleaning or anything else and found this a brilliant book and very well explained - easy to follow. This book is chalk full of information, and definitely worth a read. This book lets you know exactly why you should not be using the chemical repellents rather switch to the natural ones. I will definitely recommend this book.

This book is very useful. Through reading this book, I have learnt how to make Homemade Repellents. This book saved my money. This book helped me to make my own repellants because I could also choose the ingredients that I want. Very fine book. Recommended for everyone.
