## Customer Reviews

Very beautiful photos. Nicely printed. Each photos has detailed description. Good for someone who loves Japaense culture, or who just loves gardens. I got this for a gift, but I will have to get some more for other friends, and for me!

This book is by far one the best collections in my library. The pictures alone are worth the money. I can't tell you how much inspiration I extracted for future projects. A definite buy for any gardener.

Just what I was looking for.
