The Painted Furniture Sourcebook: Motifs From The Medieval Times To The Present Day

Synopsis

Painted furniture and interiors expert Annie Sloan leads the enthusiast through a fully illustrated, international spectrum of decorative styles--American colonial, Dutch folk art, Irish vernacular, Scandinavian neoclassical, Oriental lacquerwork, German baroque and more--all achievable by collectors, decorators and do-it-yourselfers. For each enchanting room and object, the author reveals how the paint effect was achieved and how to recreate it in the contemporary home. A generous glossary of techniques describes the essential terms, from spattering and marbling to patinating and distressing. The book also offers a library of over 50 motifs, both classic and modern, for use as a fingertip reference or for on-the-spot tracing.

Book Information

Hardcover: 160 pages

Publisher: Rizzoli; 1st U.S. Edition, 1st Printing edition (September 15, 1998)

Language: English

ISBN-10: 084782120X

ISBN-13: 978-0847821204

Product Dimensions: 11.4 x 8.7 x 1 inches

Shipping Weight: 1.8 pounds

Customer Reviews

Sloan has put together beautiful photographs of a wide range of decorative styles and made her book that more interesting by approaching her subject from the point of view of a present-day practitioner of this (underappreciated!) art form. It will be interesting to the craftsman but also to anyone who appreciates the beauty of decorative painting and its extraordinary variety throughout different cultures and throughout the ages.

interesting even if the ideas and techniques are not for beginners

I don't know what I was expecting when I ordered this. I honestly must not have paid much attention because when it came and I saw it was a hardback book I was taken aback. It is filled with nice photographs of antique furniture that has been painted. Most of it is very complex - but some are simple. I feel like if I had seen it in person then I seriously doubt I would have bought it. I could send it back - but I won't. I'll study it further and see if I can actually use it to help me with my painting designs. I could possibly change my mind later on. I think I was expecting a book that was similar to some of the other books the author has put out. The designs shown are very advanced I'd say. So maybe they are intimidating to me. Just make sure this is what you want. That's all. I'm not saying it's a bad book. I'd highly recommend looking at a copy first. Unless you are a collector of all of Annie Sloan's books. If you are - then go for it. Happy painting!

I was disappointed in a way - I was hoping for Annie Sloan's designs and information on using the chalk paint. This is not what I expected. It is useful, however. But I would rather it be all Annie.
