Amaazing African Grey Parrot Care

AMAZING AFRICAN GREY CARE

DOWNLOAD EBOOK

Synopsis

The African Grey Parrot really is an amazing bird and to fully understand and appreciate this truly wonderful bird you need to have a modicum of knowledge and that is where this book comes into its' own. This book contains useful hints and tips on all aspects of parrot ownership. What to look out for and how to examine a baby African grey, to ensure that you purchase a happy, healthy and well adjusted bird. Items that you need even before bringing home your new companion. How to set up the cage, what to put in it and more important, what not to put in the cage. Read about the correct feeding regime and learn about foods that you must never feed your bird or the results could be fatal. Learn how to bring up a healthy bird and cure unsightly problems such as feather plucking/pulling. African grey parrots need and love grooming. Find out how to do it correctly. How to stop a parrot from biting. Learn how to teach your parrot to speak and discover how they speak because this amazing bird has no vocal chords. Also learn how to successfully train your parrot. it is easier than you can imagine. If you consider breeding from your parrot, this book is full of facts and hints to ensure a good healthy clutch of chicks. How to wean and raise the chicks with tips like 'cuddling' the baby bird. This is a book designed to teach you as well as your parrot on how to successfully bond and how to enjoy each others company. Read, learn and enjoy.

Customer Reviews

Lots of great information on these terrific birds. I got my C.A.G. (age 8) from his second owner (he spent 4 years in each of his first homes) and this book had lots of helpful information on the Greys.

This book is really informative especially if you are going to breed your African Grey. I found it very useful in what they could eat and couldn't eat and what kind of wood that could be used for perches.

This book was very well written and informative. She is absolutely correct, African Grays are absolutely amazing...They are wonderful companions and deserve to be loved. Thank you Beth for writing this book.

We just purchased a baby african grey and this book has all the essentials in it to help us make sure that we raise him right. Very detailed.

While this book gives you the basics it is just that basic. A grey in my opinion, is not a breed for first timers. You can go online and find out much more information. Talk to vets, breed sanctuaries, and breeders. Go to bird shows and talk and read. I did a lot of research even though I have had prior experience with large birds before. My advice is to skip this book and do lots of research. There are better books out there

Well wrote book on african grey care. I do wish it went more into feeding the adult birds or touched on pellet diet vs seed though.

This is a good overall book for the care of these birds. Nothing too advanced, but a good amount of general information.

Learned a couple things and fully understand some issues now that my African grey has. Thank you very much ...
