How To Know The Wildflowers: A Guide To The Names, Haunts, And Habits Of Our Common Wild Flowers

Synopsis

Here is a classic American wildflower book, now in paperback, as useful and entertaining today as when it was published almost 100 years ago. All the botanical information has been updated, and the original line drawings have been reprinted, plus twenty-five new color plates from the gift edition published last year. --This text refers to an out of print or unavailable edition of this title.

Book Information

Hardcover: 287 pages

Customer Reviews

This edition does NOT contain the same color plates that were in the 1922 edition published by Charles Scribner's Sons. If you are looking for those, you will have to find an old copy of the book. This edition claims that these pictures are better than the old ones, but in my opinion, they are not

This book is a classic, with its appealing and loving descriptions of wild flowers. Perfect to take along on a spring time walk, even though it is not a now-traditional Peterson sort of guide. It gets to the heart of the flowers.

such a great find! I love books on wildflowers and vintage ones are so great to own. I love how it is poetic and factual. this book looks brand new, came swiftly and well packed. this is a must have for wildflower lovers

A friend had read the library copy of this book and wanted to purchase her own copy. She loved the

format and would recommend it as a gift of those who like wildflowers

good shape, just what I expected
