Customer Reviews

This is one of the most awful books I have ever bought. It feels like it was written by someone who doesn't speak English. Broken English, poor grammar, etc. Could barely read it or make sense of it. I only paid 99 cents for it and I still feel like I wasted my money! Don't bother to purchase.

The grammar and/or typos were so bad that I had trouble understanding the point that the author was trying to get across.

what language was this originally written in? translator did a very poor job. nearly unreadable
