# Garden Wisdom: Lessons Learned From 60 Years Of Gardening

## Synopsis

Step into the garden with writer and rural historian Jerry Apps. In this treasure trove of tips, recollections, and recipes, Jerry combines his hard-earned advice for garden success with a discussion of how tending a garden leads to a deeper understanding of nature and the land. From planning and planting to fending off critters and weeds, he walks us through the gardening year, imbuing his story with humor and passion and once again reminding us that working even a small piece of land provides many rewards. Gardening has always been a group endeavor for the Apps family. In *Garden Wisdom*, readers will learn gardening basics along with Jerry's grandchildren as they become a new generation of gardeners. They'll devour Ruth's recipes for preparing and preserving fresh garden veggies—“from refrigerator pickles to rutabaga pudding. And they'll savor son Steve's beautiful color photographs, capturing the bounty of the family garden throughout the growing season.

## Book Information

Paperback: 200 pages

Publisher: Wisconsin Historical Society Press; 1st Edition edition (January 25, 2012)

Language: English

ISBN-10: 0870204947

ISBN-13: 978-0870204944

Product Dimensions: 7 x 0.7 x 9 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars (See all reviews) (10 customer reviews)

## Customer Reviews

I preordered this book because I wanted to make sure I got to read it before spring. It's filled with great information for those of us who haven't garden before or maybe failed in the past. He gives specific information about the varieties of vegetables he plants, how he plants, how big his garden is and the space necessary for different kinds of plants. He also shares the mistakes he's made over the years. I enjoyed reading about the animals eating off his garden and how he solved this issue. I have already ordered my seeds and my cabot strawberry plants. I'm hoping my garden turns out

this year, especially the strawberry plants. Last year I got one strawberry off my plant all year. When I went to eat it, a wasp had beaten me to the punch.

I have to tell you that one of my cousins showed up at a family meeting with the cookies. Oh, my goodness! They even beat my mom's ginger snaps! We have been making hers for years and sharing them with everyone... but now am worried that the sorghum cookie recipe will turn into the favorite! Love the descriptions of gardening and I use them for my garden. Very practical and well presented. But, that doesn't beat the cookie recipe!!

At least half of the book is devoted to various recipes. I didn't want a cookbook. Enjoyed the garden section.

I need all the help I can get in the garden, and loved this book. Great item - it was exactly what it said it was, came in great packaging, and I was very pleased with my purchase.

Interesting. I collect recipe books so getting recipes was a surprise. Good service. I am a person of few words and I said them
