Customer Reviews

Great book on PokÃ©mon go. It explains how things work and how the app came to be. It talks about Google maps and how augmented reality helps a lot to make this app great. After reading this book you will understand how Pokemon go works and what's behind in terms of technology. The evolution of the technology used is very well explained. Overall a great read for anyone who wants to read about how the app came to be and how it works as well as which technology is used.

Nowadays there are many trending things in our environment and one of those is Pokemon Go. This book talks about the evolution of our generation which makes PokÃ©mon Go becomes a success. In this book we can find some personal experiences from real players on how to play this game wisely and safely.

Qonderful gammer book.this book help me to learn many tricks of the game.it also teach me Phenomenal Success,it also discuss about safety rules,Features of the Game and Personal Experiences of PokePlayers.Marc Jacobs wrote well.recommended for game lover

This book is not so much of a user guide but more of an overview of the Pokemon Go game. It gives the readers a combination of facts and personal insights of the author. I like it somehow. Marc Jacobs obviously did a good research about this book and it manifested on how he was able to articulate his ideas on the subject. A quick nice read.
