Customer Reviews

This is the same book sold in the Official Disney Pin Trading stores at Disney World. The price point is excellent! The book picks up where the official Disney website stops. (The Disney website has an incomplete or purged listing.) The book includes older pins, pins available at parks worldwide, as well as pins available through other sources. The book does not include original retail prices or more specific current values, it lists ranges for current value. The pictures are somewhat small. Overall the book is a good resource.

These are wonderful books for the Disney pin traders. They offer valuable information how to choose which pins to collect for the serious collectors.

Bought this for my son for Christmas - it was a HUGE success!

As of today (8/19/06), I still have not received this product. I am very disappointed
